TREATMENT OF BED BUGS

Preparation work must be completed BEFORE our arrival in order for treatment to be done. **NO EXCEPTIONS If preparation is not completed a fee may be assessed by your manager or management company.**

___ Remove All bedding (Do not stand up or move your mattress, box spring, or frame. Doing so could cause the bedbugs to scatter.)

___ Remove clothing and items out of closets, dry all linens and clothes on high heat for 30 minutes. Bag up all linens and seal in bag.

___ Luggage (suitcases, gym bags) should be left empty in unit to inspect and or treat.

___ Remove all items from night stands, dressers and tables. Make them accessible for us to turn over for treatment. **DO NOT STACK.**

___ Entertainment centers must be cleared off and all items remove from them.
EXCEPT TV'S

___ Clear away items from baseboards by 2 feet and clear floor of all debris. Baseboards will be treated.

___ Cover fish tanks and pet supplies with plastic bags.

___ Remove all items under your bed. Throw away all cardboard under bed.

___ You may use your bathtub/shower and kitchen for storage of items during treatment

___ You and your pets must leave your unit for a minimum of 4 hours (a door tag will be left with a reentry time.)

___ Please allow 3 weeks for treatment to be completely affective. If you are still seeing activity after 3 weeks please contact management

___ If there are items that we deem untreatable or overly infested we may suggest that the items be permanently discarded
