Dear Occupant,

We have been selected by your Building Management to provide service for PANTRY PEST, in your home. There are several things that we will need you to do before service:

1. Pick up all toys, and other items that small children would play with and cover them with a sheet or bag them.
2. Pull **EVERYTHING** out of cabinets and cover with a cloth or plastic bags. Such as fruit, opened boxes, etc. Check items for larvae within the boxes. They can be within unopened boxes, check and discard if found.
3. Cover coffee pot, and other utensils used in the kitchen.
4. People and pets will have to be out of the apt/house for at least 2 hrs.
5. Move all items away from baseboards by 2 feet

Preparation work must be completed BEFORE our arrival in order for treatment to be done. NO EXCEPTIONS **If preparation is not completed a fee may be assessed by your manager or management company.**

If you have activity AFTER 30 days feel free to contact your manager. If you have any questions, our office hours are 8:30-5:00pm, Monday thru Friday.

Regards,
NORTHWEST PEST CONTROL INC.
